

SANNI ABDULBASIT OLASUNKANMI

FRONT-END DEVELOPER | WEB DESIGNER

Nigeria | +234 9063159241 | basitayo111@gmail.com | sbacedreamer.pro/work/

PROFESSIONAL SUMMARY

Front-End Developer and Web Designer with hands-on experience designing and building modern web interfaces, business websites, landing pages and interactive React applications. Strong foundation in HTML, CSS, JavaScript and React, with experience using Tailwind CSS, Git/GitHub, RESTful APIs and UI/UX principles. Combines development skills with a design background to create visually polished, responsive and user-focused digital experiences. Experienced in tutoring front-end development and web design, leading technology-focused student activities, and delivering website projects for businesses under confidentiality agreements.

TECHNICAL SKILLS

Front-End Development: HTML5, CSS3, JavaScript, React, JSX, React Hooks, Reusable Components, Responsive Web Design

Styling & UI: Tailwind CSS, UI/UX Design, Figma, Visual Design, Typography, Color Theory, Design-to-Code

Development Tools: Git, GitHub, VS Code, WordPress

APIs & Backend: RESTful APIs, API Integration, Python, Django, Django REST Framework, JWT Authentication

Data & IT: MySQL, Excel, Power BI, Pandas, NumPy, Matplotlib, Software Troubleshooting, Basic Networking

PROFESSIONAL EXPERIENCE

Front-End Developer & Web Designer | SBace Dreamer — Independent / Freelance

- Design and develop modern websites, landing pages and digital experiences for businesses and organizations.
- Build front-end interfaces using HTML, CSS, JavaScript, React and Tailwind CSS, with emphasis on responsive layouts and polished visual presentation.
- Create reusable React components and interactive interfaces while applying UI/UX principles throughout the development process.
- Work with RESTful APIs and understand front-end integration with backend services, including Django REST Framework and JWT-based authentication.
- Use Git and GitHub for source control and project organization.

Selected Work: <https://www.sbacedreamer.pro/work/>

Front-End & Web Design Tutor | Aptech Computer Education

- Taught and guided learners in front-end development and web design concepts.
- Explained practical web development concepts and supported learners while building interfaces and websites.
- Helped students understand the relationship between design principles, user experience and front-end implementation.
- Provided practical guidance, troubleshooting and feedback during technical learning activities.

Graphics Designer & UI/UX Intern | New Horizons

- Designed website and mobile application interfaces using UI/UX principles, Figma, typography, color theory and visual design.
- Collaborated with developers to translate design concepts into practical digital interfaces.
- Created logos and visual identities based on client requirements and brand guidelines.

IT Support Specialist / Technician | Bash Computer Services

- Installed, configured and maintained software applications across user systems.
- Diagnosed and resolved Windows, browser, Microsoft Office and software compatibility issues.
- Provided technical support through phone, email and in-person assistance.

SELECTED PROJECTS

WorkSquare Solutions — Car Repair Company

- Designed and developed a business website for an automotive repair company, focusing on professional presentation, clear service information and user-friendly navigation.

SAB — UK Cleaning Agency

- Designed and developed a website for a UK-based cleaning agency. The project is presented under the name SAB due to a confidentiality agreement.

Confidential Client Project

- Designed and developed a website for a company under an NDA. Client identity and project details cannot be publicly disclosed.

African Video & Audio Company — Cinematic Website

- Designed and developed a cinematic web experience for an African video and audio company specializing in documentary recording, with emphasis on visual storytelling and immersive presentation.
